Homecoming Parade Guidelines

1. Sign up deadline for the parade by Thursday, September 22.
2. All participants in the parade operating any motor vehicle must have a valid motor vehicle license and proof of insurance with them at all times.
3. No candy can be thrown from motor vehicles and floats. Candy can be distributed by persons walking along the parade routes. This is to prevent a reoccurrence of incidents that have happened in the past.
4. Each motor vehicle will be approximately 3 car lengths away from other entries in the parade.
5. Be aware that in the event of a fire or police emergency, the parade line may have to break up to allow passage of the emergency equipment.
6. Drawbars & Safety Chains: When one vehicle is towing or pulling another vehicle, the drawbar or other connection shall be sufficient strength to pull all weight towed thereby and shall be fastened to the frame of the towing vehicle in such a manner as to prevent sideways movement. In addition to these connections, there shall be a safety chain which shall be fastened so as to be capable of holding the towed vehicle should the principle connection for some reason fail.
7. If there are any questions at the staging area, bring them to the attention of the parade committee.
